

1. The purpose of using personal information is solely to respond to inquiries made through our contact form.
2. We will not provide personal information obtained to any third party.
3. Personal information obtained may be entrusted to a contractor with a confidentiality agreement.
4. Providing personal information is optional, but failure to do so may result in the inability to respond to an inquiry.
5. Customers can contact our Complaints and Consultation Desk for Personal Information to request notification, disclosure, correction, addition or deletion, suspension of use and provision, and file complaints or seek consultation regarding the use of their personal information.

Our Personal Information Protection Department can be contacted via the provided telephone number and email.
